EDUCATION

AFRICA UNIVERSITY 2020 - 2024

- Bachelor of Science Honors in Software Engineering (3.48)

FALCON COLLEGE

Cambridge GCE:

- A level, 4 passes
- O level, 6 passes

PROFILE

I'm a software engineer who specializes in web-oriented design and development. I focus on creating intuitive front-end user interfaces aimed at enhancing user experience through thoughtful UI/UX design. My technical skills include building web and mobile applications using React, React-Native or Flutter. I'm also well-versed in working with JSON data and integrating with REST APIs. I aspire to keep growing and evolve into a versatile software engineer capable of delivering reliable, scalable, and innovative solutions that address modern technological demands.

PORTFOLIO

You can view my Portfolio at stewart-ngozo.vercel.app

I've worked on projects such as the following:

- **Websites:** Landing pages, marketing pages, Blog sites, Enquiry forms and User Authentication forms.
- **Self-Service portals:** For Insurance companies and banking systems.
- **Dashboards:** Admin dashboard design and development.
- **User Interface Design & Prototyping:** I've created Interactive Prototypes using Adobe XD and Figma.

SKILL SET

UI/UX Design and Prototyping

- Figma
- Adobe XD
- Canva

Software Development

- HTML, CSS, PHP, JavaScript and TypeScript
- Favoured IDE:
 - Visual Studio Code
- Frameworks:
 - React
 - React Native
 - Flutter
 - Bootstrap5
- Build Tools:
 - Vite
 - Webpack
 - npm
- Version Control:
 - Git and Github
- API Intergration
 - Fetch
 - Axios
- Database technologies:
 - MySQL, SQLite
 - Firebase Auth
- Programming Languages
 - Familiar with Python and C#

LANGUAGES

- English
- Shona

WORK EXPERIENCE

Infratech Africa

November 2024 - Present

IT Solutions expert/Developer

Duties:

- Design, code, test, and maintain software systems and applications.
- Translate functional and technical requirements into efficient, scalable solutions.
- Collaborate with project teams to ensure alignment with user needs and system objectives.
- Integrate and support APIs, databases, and user interfaces.
- Conduct debugging, troubleshooting, and system optimization.
- Maintain documentation and version control for all development work.
- Conduct update presentations and QA sessions with stakeholders
- Support deployment, user training, and post-implementation maintenance.

ZETDC IT department

March 2023 - January 2024

IT Student Intern

Duties:

- Help desk services
- IT hardware support
- Monitoring server status
- Participating in the development of web and mobile applications

PERSONAL ACHEIVMENTS

The @Sign Company Appathon II 2021 First track Winners.
Data camp certificate, in Data Engineering
