- HTML, CSS, PHP,
JavaScript and TypeScript
- Favoured IDE:
 - Visual Studio Code
- Frameworks:
 - React
 - React Native
 - Bootstrap5
- Build Tools:
 - Vite
 - Webpack
 - npm

PROFILE

I'm a software engineer who specializes in web-oriented design and development. I focus on creating intuitive front-end user interfaces aimed at enhancing user experience through thoughtful UI/UX design. My technical skills include building web and mobile applications using React and React-Native. I'm also well-versed in working with JSON data and integrating with REST APIs.

PORTFOLIO

You can view my Portfolio at stewart-ngozo.vercel.app

I've worked on projects such as the following:

- Websites:** Landing pages, marketing pages, Blog sites, Enquiry forms and User Authentication forms.
- Self-Service portals:** For Insurance companies and banking systems.
- Dashboards:** Admin dashboard design and development.
- User Interface Design & Prototyping:** Interactive Prototypes using Adobe XD and Figma.
